## Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Services

# Agenda

- ❖ **Changes to information available for EPSDT**
  - ❖ **Provider training module**
  - ❖ **Medical Transportation Updates**
-

# EPSDT introduction

- EPSDT is federally mandated and provides comprehensive and preventive health care services for children and is an integral part of the Medicaid program.
- EPSDT services are available at no cost to Medicaid members from birth through the end of the month in which their 21st birthday occurs.

# EPSDT services

Over the last 12 months there have been several steps taken by Medicaid to provide additional information about the Early and Periodic Screening, Diagnostic, and Testing (EPSDT) program. Changes include:

- Updates to the member EPSDT website information
- Revision of the EPSDT provider manual, including addition of the following information:
  - Non-emergency medical transportation services
  - Interpreter services
  - Medical appointment assistance and appointment follow-up services provided by local health departments
- The creation of a provider site that explains the exception process
- Development of an [EPSDT Provider Module](#) on the website that provides a basic overview of the EPSDT benefit
