A change of available funds as used in this paragraph includes, but is not limited to, a change in Federal or State funding, whether as a result of a legislative act or by order of the President or the Governor.

If a written notice is delivered under this section, the Department will reimburse Contractor for the Services properly ordered until the effective date of said notice. WORKERS' COMPENSATION INSURANCE: Contractor shall maintain during the term of this Contract, workers' compensation insurance for all its employees as well as any Subcontractor employees related to this Contract. It is Contractor's sole responsibility to ascertain whether any tax deductions or benefits apply to any aspect of the Contract.

Contractor's responsibilities may be reinstated upon advance formal written notice from the Department.

19. INDEMNIFICATION:

19.1. If Contractor is a governmental entity, the parties mutually agree that each party assumes liability for the negligent and wrongful acts committed by its own agents, officials, or employees, regardless of the source of funding for the Contract. Neither party waives any rights or defenses otherwise available under the Governmental Immunity Act.

19.2. If Contractor is a non-governmental entity, Contractor shall be fully liable for the actions of its agents, employees, officers, partners, and Subcontractors. Contractor shall fully indemnify, defend, and save harmless the Department and the State of Utah from all claims, losses, suits, actions, damages, and costs of every name and description arising out of Contractor's performance of the Contract caused by any intentional act or negligence of Contractor, its agents, employees, officers, partners, or Subcontractors, without limitation; provided, however, that Contractor shall not indemnify for that portion of any claim, loss, or damage arising hereunder due to the sole fault of the Department. Contractor is solely responsible for all payments owed to any Subcontractor arising from Contractor's performance under the contract and will hold the Department harmless from any such payments owed to the subcontractor.

19.3. The parties agree that if there are any limitations of Contractor's liability, including a limitation of liability clause for anyone for whom Contractor is responsible, such limitations of liability will not apply to injuries to persons, including death, or to damages to property.

20. INDEMNIFICATION RELATING TO INTELLECTUAL PROPERTY: Contractor shall indemnify and hold the Department and the State of Utah harmless from and against any and all damages, expenses (including reasonable attorneys' fees), claims, judgments, liabilities, and costs in any action or claim brought against the Department or the State of Utah for infringement of a third party's copyright, trademark, trade secret, or other proprietary right. The parties agree that if there are any limitations of Contractor's liability, such limitations of liability will not apply to this section.

21. DEBARMENT: Contractor certifies it is not presently nor has ever been debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in the Contract, by any governmental department or agency, whether international, national, state, or local, and certifies it is in compliance with Utah Code Ann. § 63G-6a-904 *et seq.* and OMB guidelines at 2 C.F.R. § 180 which implement Executive Order Nos. 12549 and 12689. Contractor must notify Department within thirty (30) days if debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in any contract by any governmental entity during the Contract.

22. TERMINATION AND DEFAULT:

22.1. The Department may terminate the Contract without cause, upon thirty (30) days written notice to Contractor.

22.2. The Department agrees to use its best efforts to obtain funding for multi-year contracts. If continued funding for the Contract is not appropriated or budgeted at any time throughout the multi-year contract period, the

Department may terminate the contract upon thirty (30) days' notice to Contractor. If funding to the Department is reduced due to an order by the Legislature or the governor, or is required by federal or state law, the Department may terminate the Contract or proportionately reduce the services and goods due and the amount due from the Department upon thirty (30) days written notice to Contractor. If the specific funding source for the subject matter of the Contract is reduced, the Department may terminate the Contract or proportionately reduce the services and goods due and the amount due from the Department upon thirty (30) days written notice to Contractor.

- 22.3.** Each party may terminate the Contract with cause. If the cause for termination is due to the default of a party, the non-defaulting party shall send a notice, which meets the notice requirements of the Contract, citing the default and giving notice to the defaulting party of its intent to terminate. The defaulting party may cure the default within ten (10) days of the notice. If the default is not cured within the ten (10) days, the party giving notice may terminate the Contract forty (40) days from the date of the initial notice of default or at a later date specified in the notice.
- 22.4.** The Department may terminate the contract if Contractor becomes debarred, insolvent, files for bankruptcy or reorganization proceedings, sells 30% or more of the company's assets or corporate stock, or gives notice of its inability to perform its obligations under the Contract.
- 22.5.** Upon termination of the Contract, all accounts and payments for services rendered to the date of termination shall be processed according to the financial arrangements set forth herein for approved services rendered to date of termination. If the Department terminates the Contract, Contractor shall stop all work as specified in the notice of termination. The Department shall not be liable for work or services performed beyond the termination date as specified in the notice of termination.
- 22.6.** In the event of such termination, Contractor shall be compensated for services properly performed under the Contract up to the effective date of the notice of termination. Contractor agrees that in the event of such termination for cause or without cause, Contractor's sole remedy and monetary recovery from the State is limited to full payment for all work properly performed as authorized under the Contract up to the date of termination as well as any reasonable monies owed as a result of Contractor having to terminate contracts necessarily and appropriately entered into by Contractor pursuant to the Contract. Contractor further acknowledges that in the event of such termination, all work product, which includes but is not limited to all manuals, forms, contracts, schedules, reports, and any and all documents produced by Contractor under the Contract up to the date of termination are the property of the State and shall be promptly delivered to the State.
- 22.7.** If the Department terminates the Contract, the Department may procure replacement goods or services upon terms and conditions necessary to replace Contractor's obligations. If the termination is due to Contractor's failure to perform, and the Department procures replacement goods or services, Contractor agrees to pay the excess costs associated with obtaining the replacement goods or services.
- 22.8.** If Contractor terminates the Contract without cause, the Department may treat Contractor's action as a default under the Contract.
- 22.9.** If Contractor defaults in any manner in the performance of any obligation under the Contract, or if audit exceptions are identified, the Department may, at its option, either adjust the amount of payment or withhold payment until satisfactory resolution of the default or exception. Default and audit exceptions for which payment may be adjusted or withheld include disallowed expenditures of federal or state funds as a result of Contractor's failure to comply with federal regulations or state rules. In addition, the Department may withhold amounts due Contractor under the Contract, any other current contract between the Department and Contractor, or any future payments due Contractor to recover the funds. The Department shall notify Contractor of the Department's action in adjusting the amount of payment or withholding payment. The Contract is executory until such repayment is made.
- 22.10.** Any of the following events will constitute cause for the Department to declare Contractor in default of this Contract: (i) Contractor's non-performance of its contractual requirements and obligations under this Contract; or (ii) Contractor's material breach of any term or condition of this Contract. The Department may issue a written notice of default providing a ten (10) day period in which Contractor will have an opportunity to cure. Time allowed for cure will not diminish or eliminate Contractor's liability for damages. If the default remains after Contractor has been provided the opportunity to cure, the Department may do one or more of the following: (i) exercise any remedy provided by law or equity; (ii) terminate this Contract; (iii) impose liquidated damages, if liquidated damages are listed in this Contract; (iv) debar/suspend Contractor from receiving future

contracts from the Department or the State of Utah; or (v) demand a full refund of any payment that the Department has made to Contractor under this Contract for Goods that do not conform to this Contract.

23. REVIEWS: The Department reserves the right to perform plan checks, plan reviews, other reviews, and/or comment upon the Goods and Services of Contractor. Such reviews do not waive the requirement of Contractor to meet all of the terms and conditions of the Contract.

24. PERFORMANCE EVALUATION: The Department may conduct a performance evaluation of Contractor's Services, including Contractor's Subcontractors. Results of any evaluation may be made available to Contractor upon request.

25. the State Data and of the obligations set forth in the Contract and require such Authorized Persons to keep the State Data confidential; (c) keep all State Data strictly confidential by using a reasonable degree of care, but not less than the degree of care used by it in safeguarding its own confidential information; and (d) not disclose any State Data received by it to any third parties, except as permitted by the Contract or otherwise agreed to in writing by the Department.

- 29.4.** Contractor will promptly notify the Department of any misuse or misappropriation of State Data that comes to Contractor's attention. Contractor shall be responsible for any breach of this duty of confidentiality by any of their officers, agents, subcontractors at any tier, and any of their respective representatives, including any required remedies and/or notifications under applicable law (Utah Code Ann. §§ 13-44-101 through 301). This duty of confidentiality shall be ongoing and survive the term of the Contract. Notwithstanding the foregoing, if there is a discrepancy between a signed business associate agreement and this provision, the business associate agreement language shall take precedence.

30. OWNERSHIP, PROTECTION, AND RETURN OF DOCUMENTS AND DATA UPON CONTRACT TERMINATION OR COMPLETION: All documents and data pertaining to work required by the Contract will be the property of the Department, and must be returned to the Department or disposed of within thirty (30) days after termination or expiration of the Contract, regardless of the reason for contract termination, and without restriction or limitation to their future use. - (2) provides the information by email after obtaining the Enrollee's agreement to receive the information by email;

notify the Contractor in writing within 60 calendar days of the intended effective date of the change.

(C) The Contractor shall provide each Enrollee written notice of any significant change in the information specified in the Enrollee handbook at least 30 calendar days before the intended effective date of the change.

(D) The Department and the Contractor shall also mutually determine the timeframe for updating the Enrollee handbook to reflect the change.

3.5.9 Network Provider Directory

(A) For each of the provider types covered under the Contract, the Contractor shall make the following information about its Network Providers available to the Enrollee in paper form upon request and in electronic form:

- (1) the Network Provider's name, as well as any group affiliations;
- (2) the Network Provider's street address(es);
- (3) the Network Provider's telephone number(s);

Notice to the Enrollee must be provided by the later of 30 calendar days prior to the effective date of the termination, or within 15 calendar days after receipt or issuance of the termination notice.

3.6 Disenrollment Initiated by the Contractor

The Contractor may not request disenrollment of an Enrollee because of an adverse change in the Enrollee's health status, or because of the Enrollee's utilization of medical services, diminished mental capacity, or uncooperative or disruptive behavior resulting from special needs (except when continued enrollment in the PMHP seriously impairs the Contractor's ability to furnish services to either this particular Enrollee or other Enrollees).

Article 4: Enrollee Benefits

4.1 General Provisions

4.1.1 Basic Standards

(A) The Contractor shall provide to Enrollees, directly or through arrangements with Providers, all Medically Necessary Covered Services described in the State's Prepaid Mental Health Plan Waiver as promptly and continuously as is consistent with generally accepted standards of medical practice.

(B) The Contractor shall furnish all Covered Services in an amount, duration, and scope that is no less than the amount, duration, and scope for the same services

furnished to Medicaid Members under FFS, as set forth in 42 CFR § 440.230, and for Enrollees under the age of 21, as set forth in 42 CFR § 441, subpart B.

(C) The Contractor shall ensure that services are sufficient in amount, duration or scope to reasonably be expected to achieve the purpose for which the services are furnished.

(D) The Contractor may not arbitrarily deny or reduce the amount, duration, or scope of a required service solely because of diagnosis, type of illness, or condition of the Enrollee.

(E) The Contractor may place appropriate limits on a service on the basis of criteria applied under the State Plan such as Medical Necessity, or for the purpose of utilization control, provided:

(1) the services furnished can reasonably be expected to achieve their purpose; and

(2) the services supporting Enrollees with ongoing or chronic conditions are authorized in a manner that reflects the Enrollee's ongoing need for such services and supports.

4.1.2 Covered Services

(A) The Contractor shall administer Medically Necessary Covered Services in a manner that is no more restrictive than the State Medicaid program, including quantitative and non-quantitative treatment limits, as indicated in State statutes and regulations, the State Plan, and other State policies, procedures, and administrative rules.

(B) In accordance with 42 CFR § 438.210 the Contractor shall administer Medically Necessary Covered Services in a manner that takes into account:

(1) services that address the prevention, diagnosis, and treatment of an Enrollee's disease, condition, and/or disorder that results in health impairments and/or disability;

(2) the ability for an Enrollee to achieve age-appropriate growth and development; and

(3) the ability for an Enrollee to attain, maintain, or regain functional capacity.

4.2 Scope of Services

4.2.1 Scope of Covered Services

(A) Except as otherwise provided for cases of Emergency Services, the Contractor is responsible to arrange for all Covered Services listed in the State's Prepaid Mental Health Plan Waiver, unless otherwise stated in this Contract.

(B) The Contractor is responsible for payment of Emergency Services 24 hours a day, 7 days a week, whether the services were provided by a Network Provider or a Non-Network Provider, and whether the service was provided inside or outside of the Contractor's Service Area.

(C) In addition to services covered under the State Plan, or the State's Prepaid Mental Health Plan Waiver, the Contractor may cover services necessary for compliance with the requirements of subpart K of 42 CFR § 438 only to the extent such services are necessary for compliance with 42 CFR § 438.910.

(D) The services provided by the Contractor shall be delivered in compliance with the requirements of subpart K of 42 CFR § 438 insofar as applicable.

(E) The Contractor shall provide the Department with non-quantitative treatment limitation assessment tools, surveys or any corrective action plans related to compliance with the Mental Health Parity and Addiction Equity Act of 2008 and all related regulations as requested by the Department within the timeframes requested by the Department.

4.2.2 Changes to Benefits

Amendments, revisions, or additions to the State Plan, the Prepaid Mental Health Plan Waiver or to State or federal regulations, guidelines, or policies, insofar as they affect the scope or nature of benefits available to a Medicaid Member, shall be considered incorporated by this Contract and the Contractor shall be required to provide those benefits to Enrollees. When possible, the Department shall provide written notice to the Contractor of any amendments, revisions, or additions prior to implementation.

4.2.3 Court and Administrative Orders Regarding Benefits

The Contractor shall pay for Covered Services related to an Adverse Benefit Determination deemed eligible for payment pursuant to the terms of a court or administrative order.

4.3 Covered Services—Emergency Services

4.3.1 Emergency Services, Generally

(A) The Contractor is responsible for coverage and payment of Emergency Services as described by this Contract and by law.

(B) The Contractor shall cover and pay Providers for Emergency Services, 24 hours a day 7 days a week.

(C) The Contractor may not limit what constitutes an Emergency Medical Condition on the basis of lists of diagnoses or symptoms.

(D) The Contractor may not refuse to cover Emergency Services based on the emergency room provider, hospital, or Fiscal Agent not notifying the Contractor of the Enrollee's screening and treatment within 10 calendar days of presentation for Emergency Services.

(E) The Contractor shall inform Enrollees that access to Emergency Services is not restricted and that if an Enrollee experiences a medical emergency, that the Enrollee may obtain services from a Non-Network Provider without penalty.

(F) The Contractor shall pay Non-Network Providers for Emergency Services in accordance with Article 11.3.2 of this attachment.

4.3.2 Emergency Services in an Outpatient Hospital

With regard to Emergency Services delivered to Enrollees in an outpatient hospital, the Contractor is responsible to pay only for those services rendered by a psychiatrist. The Contractor is responsible for these services regardless of whether the psychiatrist rendering the services is a Non-Network Provider.

4.3.3 Payment Liability for Emergency Services

(A) An Enrollee who has had an Emergency Medical Condition may not be held liable for payment of subsequent screening and treatment needed to diagnose or stabilize the specific condition.

(B) When the Enrollee has an Emergency Medical Condition, the Contractor shall pay for both the screening examination and the services required to stabilize the Enrollee. Services required to stabilize an Enrollee includes all Emergency Services that are Medically Necessary to assure, within reasonable medical probability, that no material deterioration of the Enrollee's condition is likely to result from, or occur during, discharge of the Enrollee or transfer of the Enrollee to another facility.

(C) If there is a disagreement between a hospital Provider and the Contractor concerning whether the Enrollee is stable enough for discharge or transfer, or whether the medical benefits of a transfer outweigh the risks, the judgment of the attending physician(s) actually caring for the Enrollee at the treating facility prevails and is binding on the Contractor. The Contractor may establish arrangements with hospitals whereby the Contractor may send one of its own physicians with appropriate privileges to assume the attending physician's responsibilities to stabilize, treat, and transfer the Enrollee.

4.3.4 Payment Liability in the Absence of a Clinical Emergency

The Contractor must pay for Emergency Services obtained by an Enrollee when the Enrollee had an Emergency Medical Condition but such condition did not result in the three outcomes specified in the definition of an Emergency Medical Condition. In such instances, the Contractor shall review the presenting symptoms of the Enrollee and determine whether the presenting symptoms were acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably have expected the absence of immediate medical attention to result in one of the three outcomes listed in the definition of an Emergency Medical Condition.

4.3.5 Payment Liability for Referrals

The Contractor may not deny payment for treatment obtained by an Enrollee when a representative of the Contractor instructs the Enrollee to seek emergency care.

4.4 Covered Services—Poststabilization Care Services

4.4.1 Poststabilization Care Services, Generally

The Contractor shall cover and pay for Poststabilization Care Services in accordance with the guidelines found in 42 CFR § 422.113(c). Generally, Poststabilization Care Services begin when an Enrollee is admitted for inpatient hospital psychiatric services after the Enrollee has received Emergency Services or other inpatient services.

4.4.2 Pre-Approved Poststabilization Care Services

The Contractor is financially responsible for Poststabilization Care Services obtained by an Enrollee from a Network Provider or a Non-Network Provider that are pre-approved by a Contractor representative.

4.4.3 Other Contractor-Liable Poststabilization Care Services

(A) The Contractor is financially responsible for Poststabilization Care Services obtained within or outside the Contractor's network that are not pre-approved by a Contractor representative but are administered to maintain the Enrollee's stabilized condition within one hour of a request to the Contractor for pre-approval of further Poststabilization Care Services.

(B) The Contractor is financially responsible for Poststabilization Care Services obtained within or outside of the Contractor's network that are not pre-approved by a Contractor representative but are administered to maintain, improve or resolve the Enrollee's stabilized condition if:

- (1) the Contractor does not respond to a request for pre-approval within one hour of the request;
- (2) the Contractor cannot be contacted; or
- (3) the Contractor representative and the treating physician cannot reach an agreement concerning the Enrollee's care and a Contractor physician is not available for consultation. In this situation, the Contractor shall give the treating physician the opportunity to consult with a Contractor physician and the treating physician may continue with the care of the Enrollee until a Contractor physician is reached, or one of the following criteria, found in 42 CFR § 422.113(c)(3) is met:

- (i) a Contractor physician with privileges at the treating hospital assumes responsibility for the Enrollee's care;
- (ii) a Contractor physician assumes responsibility for the Enrollee's care;
- (iii) a Contractor representative and the treating physician reach an agreement concerning the Enrollee's care; or
- (iv) the Enrollee is discharged.

4.4.4 Limitation on Charges to Enrollees

The Contractor shall limit charges to Enrollees for Poststabilization Care Services to an amount no greater than what the Contractor would charge the Enrollee if he or she had obtained the services through the Contractor. For purposes of cost sharing, Poststabilization Care Services begin upon inpatient admission.

Article 5: Delivery Network

5.1 Availability of Services

5.1.1 Network Requirements

(A) The Contractor shall maintain and monitor a network of appropriate Network Providers that is supported by written agreements and is sufficient to provide adequate access to all Covered Services for all Enrollees, including those with limited English proficiency, physical disabilities, and/or mental disabilities. In establishing and maintaining the network of Network Providers the Contractor shall consider:

- (1) the anticipated Medicaid enrollment;
- (2) the expected utilization of services, taking into consideration the characteristics and health care needs of specific Medicaid populations represented in the Contractor's Service Area;
- (3) the numbers and types (in terms of training, experience, and specialization) of Providers required to furnish the Covered Services;
- (4) the number of Network Providers who are not accepting new Medicaid patients; and

(5) the geographic location of Network Providers and Enrollees, considering distance, travel time, the means of transportation ordinarily used by Enrollees, and whether the location provides physical access for Enrollees with disabilities.

(B) The Contractor shall allow each Enrollee the ability to choose a Network Provider to the extent possible and appropriate.

(C) The Contractor shall ensure that Network Providers provide physical access, reasonable accommodations, culturally competent communications, and accessible equipment for Enrollees with physical or mental disabilities.

5.1.2 Time and Distance Standards

(A) The Contractor shall maintain provider network adequacy time and distance standards to ensure Enrollee access as described in Table 2 for adult and pediatric Covered Services. The standards vary for urban, rural and frontier counties of the State. Table 1 includes the designation of each county as urban, rural, or frontier. The Contractor shall apply the standards in Table 2 according to each of its covered county's designation in Table 1. The Contractor shall apply the standards as applicable to adult mental health providers, adult substance use disorder providers, pediatric mental health providers and pediatric substance use disorder providers.

(B) If the Contractor is unable to meet the network adequacy standards described in Table 2 above, the Contractor may request an exception to these standards. The Department has sole discretion to allow for any exception to the network adequacy standards. A request for exception to these standards must be in writing and must include:

- (1) the specific exemption the Contractor is requesting;
- (2) the steps taken by the Contractor to comply with the network adequacy requirements before requesting the exception; and
- (3) a description of the Contractor's plan to adequately provide Covered Services in the area where the exemption is requested.

5.1.3 Second Opinions

The Contractor shall provide for a second opinion from a qualified Network Provider or arrange for the Enrollee to obtain one from a Non-Network Provider, at no cost to the Enrollee.

5.1.4 Out-of-Network Services

(A) If the Contractor's network of Network Providers is unable to provide Medically Necessary Covered Services under this Contract to a particular Enrollee, the Contractor shall adequately and timely cover these services using a Non-Network Provider for the Enrollee, for as long as the Contractor is unable to provide them.

(B) The Contractor shall require Non-Network Providers to coordinate with the Contractor with respect to payment and ensure that the cost to the Enrollee is no greater than it would be if the services were furnished within the network.

5.1.5 Timely Access

(A) The Contractor and its Network Providers shall meet the Department's standards for timely access to Covered Services, as described in Article 10.4 of this attachment, taking into account the urgency of the need for services.

(B) The Contractor shall ensure its Network Providers offer hours of operation that are no less than the hours of operation offered to commercial enrollees or are comparable to Medicaid FFS enrollees if the Network Provider serves only Medicaid Enrollees.

(C) The Contractor shall make all Covered Services available 24 hours a day, 7 days a week, when Medically Necessary.

5.1.6 Timely Access Monitoring

The Contractor shall establish mechanisms to ensure that its Network Providers are complying with the timely access requirements to meet performance standards for appointment waiting times specified in Article 10.4 of this attachment and shall monitor its Network Providers regularly to determine compliance by Network Providers. If there is failure to comply, the Contractor shall take corrective action against the Network Provider.

5.2 Subcontracts and Agreements with Providers

5.2.1 Subcontracts, Generally

(A) The Contractor shall maintain the ultimate responsibility for adhering to and otherwise fully complying with all terms and conditions of this Contract, notwithstanding any relationship(s) that the Contractor may have with any Subcontractor.

(B) If any of the Contractor's activities or obligations under this Contract are delegated to a Subcontractor, the Contractor shall ensure that:

(1) the activities or obligations, and related reporting responsibilities, are specified in the contract or written agreement between the Contractor and the Subcontractor; and

(2) the contract or written arrangement between the Contractor and the Subcontractor must either provide for the revocation of the delegation of activities or obligations or specify other remedies in instances where the Department or the Contractor determines that the Subcontractor has not performed satisfactorily.

(1) comply with all applicable Medicaid laws and regulations, including applicable subregulatory guidance and contract provisions;

(2) agree that the Department, CMS, the HHS Inspector General, the Comptroller General, or their designees have the right to audit, evaluate, and inspect any books, records, contracts, computer or other electronic systems of the Subcontractor, or of the Subcontractor's contractor, that pertain to any aspect of services and activities performed, or determination of amounts payable under the Contract;

(3) make available, for the purposes of an audit, evaluation, or inspection by the Department, CMS, the HHS Inspector General, the Comptroller General, or their designees, its premises, physical facilities, equipment, books, records, contracts, computer, or other electronic systems relating to its Enrollees;

(4) agree that the right to audit by the Department, CMS, the HHS Inspector General, the Comptroller General, or their designees, will exist through 10 years from the final date of the contract period or from the date of completion of any audit, whichever is later; and

(5) agree that if the Department, CMS, or the HHS Inspector General determines that there is a reasonable possibility of Fraud or similar risk, the State, CMS, or the HHS Inspector General may inspect, evaluate, and audit the Subcontractor at any time.

5.2.2 Agreements with Providers and Subcontractors

(A) The Contractor shall inform Providers and Subcontractors at the time they enter into a Network Provider agreement or a Subcontract about:

- (1) the Grievance, Appeal, and State Fair Hearing procedures and timeframes as specified in 42 CFR § 438.400 through 42 CFR § 438.424;
- (2) the Enrollee's right to file Grievances and Appeals, and the requirements and timeframes for filing a Grievance or Appeal;
- (3) the availability of assistance to the Enrollee with filing Grievances and requesting Appeals;
- (4) the Enrollee's right to request a State Fair Hearing after the Contractor has made a determination on an Enrollee's Appeal which is adverse to the Enrollee; and
- (5) if the Contractor makes an Adverse Benefit Determination to reduce, suspend or terminate services:
 - (i) that the Enrollee, the Enrollee's legal guardian, or other authorized representative has the right to request that the services be continued pending the outcome of the Appeal or State Fair Hearing if the Enrollee requests continuation of services within the required timeframe; and
 - (ii) that if the Appeal or State Fair Hearing decision is adverse to the Enrollee, that the Enrollee may be required to pay for the continued services to the extent they were furnished solely because of the request for continuation of services;

(B) The Contractor's written agreements with its Providers and Subcontractors shall contain provisions stating that:

- (1) if the Provider or Subcontractor becomes insolvent or bankrupt, Enrollees shall not be liable for the debt of the Provider or Subcontractor;
- (2) the Enrollee shall not be held liable for Covered Services provided to the Enrollee for which:
 - (i) the Department does not pay the Contractor; or

- (ii) the Department or the Contractor does not pay the individual or Provider that furnished the services under a contractual, referral or other arrangement; and
- (3) the Provider or Subcontractor shall not hold Enrollees liable for payments for Covered Services furnished under a contract, referral, or other arrangement, to the extent that those payments are in excess of the amount that the Enrollee would owe if the Contractor covered the services directly.

5.2.3 Additional Network Provider Requirements

- (A) In accordance with Article 6.6 of this attachment, if the Contractor has a Physician Incentive Plan with a physician or physician group, the Contractor shall ensure the physicians abide by the requirements of Section 1877(E)(3)(B) of the Social Security Act.
- (B) The Contractor shall ensure its Network Providers and staff are knowledgeable about methods to detect domestic violence, mandatory reporting laws when domestic violence is suspected, and community resources to which Enrollees can be referred.

- (2) the Provider notifies the Contractor that they cannot be enrolled by the Department; or
- (3) one 120-day period has expired without enrollment of the Provider by the Department.

(D) The Contractor shall notify affected Enrollees and transition them to other appropriate Providers when the Contractor terminates a Network Provider agreement.

(E) The Department shall screen and enroll, and periodically revalidate all Network Providers as Medicaid Providers.

5.3.2 Network Provider Selection

(A) The Contractor shall have written policies and procedures for selection and retention of Network Providers that include the requirements found in this Contract.

(B) The Contractor shall comply with any additional Network Provider selection requirements required by the Department. The Department shall provide the Contractor 60 calendar days advance written notice of any changes to the Department's Network Provider selection requirements.

5.3.3 Credentialing and Recredentialing Policies and Procedures

(A) Pursuant to 42 CFR § 438.214(b)(2), the Contractor shall have written policies and procedures for credentialing potential Network Providers and recredentialing Network Providers.

(B) The Contractor's written policies and procedures shall follow the Department's policies that require:

(C) If the Contractor uses a certified Credentials Verification Organization (CVO) to perform LEIE and SAM Exclusion searches, and if the certified CVO also performs the verifications required in Article (B)(3) above, the CVO searches satisfy this requirement. The Contractor may use the NPDB to satisfy the verifications required in Article (B)(3) above as long as the Contractor enrolls in NPBD's Continuous Query to ensure complete information on licensure and disciplinary status.

5.3.4 Timeframe for Recredentialing

The Contractor shall have a recredentialing process for Network Providers that:

- (1) is completed at least every three years; and

5.3.7 Non-Inclusion of Providers

(A) The Contractor shall report to the Department when a Provider is denied Network Provider status. Such denial can include when a Provider is denied admission to the Contractor's provider panel, is removed from the Contractor's panel, or voluntarily withdraws from the panel when the denial, removal, or withdrawal is due to a substantive issue. Substantive issues include violations of DOPL regulations, and allegations of Fraud, Waste or Abuse.

(B) The Contractor shall electronically submit information relating to the non-inclusion of Providers to the Department within 30 calendar days of the non-inclusion action using the Department-specified form.

(C) The Contractor shall not report non-inclusion of Providers when due to non-substantive issues. Non-substantive issues include instances where the Provider fails to complete the credentialing process or the Contractor has sufficient network capacity.

5.3.8 Nondiscrimination

(A) Consistent with 42 CFR § 438.214 and 42 CFR § 438.12, the Contractor's Provider selection policies and procedures must not discriminate against

particular Providers who serve high-risk populations or specialize in conditions that require costly treatment.

(B) Pursuant to 42 CFR § 438.12, the Contractor shall not discriminate against Providers with respect to participation, reimbursement, or indemnification as to any Provider who is acting within the scope of that Provider's license or certification under applicable State law, solely on the basis of the Provider's license or certification. This may not be construed to mean that the Department:

- (1) requires the Contractor to contract with Providers beyond the number necessary to meet the needs of its Enrollees;
- (2) precludes the Contractor from using different reimbursement amounts for different specialties or for different practitioners in the same specialty; or
- (3) precludes the Contractor from establishing measures that are designed to maintain quality of services and control costs and are consistent with its responsibilities to Enrollees.

(B) The Contractor shall pay 90 percent of all Clean Claims from practitioners, who are in individual or group practice or who practice in shared health facilities, within 30 calendar days of receipt.

(C) The Contractor shall pay 99 percent of all Clean Claims from practitioners, who are in individual or group practice or who practice in shared facilities, within 90 calendar days of the date of receipt.

(D) The date of receipt is the date the Contractor receives the Claim as indicated by its date stamp on the Claim.

(E) The date of payment is the date of the check or other form of payment.

(F) If the Department has paid a Provider FFS for a Covered Service and the Medicaid Member's eligibility is changed retroactively resulting in a retroactive Capitation Payment to the Contractor, and if the Department or an audit entity retracts the FFS payment solely due to the retroactive eligibility change, the Contractor:

- (1) shall pay Claims submitted by the Provider;
- (2) shall not require a Service Authorization Request; and
- (3) shall not deny the Claim due to timely filing.

5.4.2 Special Rules for Payment for Provider Preventable Conditions

(A) The Contractor shall ensure compliance with the requirements mandating Provider identification of Provider Preventable Conditions as a condition of payment. The Contractor shall require that its Network Providers identify Provider Preventable Conditions in a form or frequency as specified by the Department.

(B) The Contractor shall not pay for Provider Preventable Conditions as set forth in 42 CFR § 434.6(a)(12) and 42 CFR § 447.26, Utah Administrative Rule, and as noted in the Utah State Plan Attachments 4.19-A and 4.19-B.

Urgent Care means Covered Services provided to an Enrollee when the report of the Enrollee or the Enrollee's agent during the Initial Contact does not indicate

dangerousness, but the Enrollee's functioning is seriously impaired and symptoms are moderate to severe.

10.4.2 Performance Standards, General Requirements

The Contractor shall adhere to the performance standards found in Article 10.4 of this attachment to ensure that Enrollees have timely access to first face-to-face services. (B) When the Contractor shall provide the Covered Service directly or shall refer the Enrollee to a Provider for the Covered Service, the Contractor shall document and maintain Initial Contact data for the Enrollee regardless of initial referral source and the performance standards found in Article 10.4 of this attachment apply.

(C) When an Enrollee chooses to seek Covered Services directly from a Non-Network Provider, and the Contractor authorizes the request, the Contractor is not required to document Initial Contact data, and the performance standards found in Article 10.4 of this attachment do not apply.

10.4.4 Performance Standards

(A) If based on the Initial Contact it appears the Enrollee requires Emergency Services, the Contractor shall conduct a clinical screening by telephone within 30 minutes. If the Contractor determines that the Enrollee has an emergency, the Contractor shall offer outpatient face-to-face Emergency Services within one hour of completion of the telephone clinical screening, as appropriate. If an Initial Contact requiring outpatient Emergency Services is made on a walk-in basis, the Contractor shall offer face-to-face outpatient Emergency Services within one hour.

The Contractor shall also provide appropriate information regarding Emergency Services to the Enrollee with instructions to contact the Contractor if more immediate services are needed.

- (5) the status of scheduled first face-to-face appointments: if they are kept, broken, cancelled and/or rescheduled by the Enrollee, or rescinded and rescheduled by the Contractor due to Contractor limitations and the date of any rescheduled appointments.

(B) The Contractor shall send the Enrollee a Notice of Adverse Benefit Determination when the Contractor:

- (1) cannot offer the first face-to-face service within the required timeframe, and the Enrollee is not satisfied with waiting beyond the required timeframe; or

(2) must rescind and reschedule a previously offered and scheduled appointment for the first face-to-face service, and as a result will exceed the required timeframe, and the Enrollee is not satisfied with waiting beyond the required timeframe.

(C) The Contractor shall maintain documentation of its performance and report performance when requested by the Department using the Department-specified report template.

- (4) prior to rendering the service, a written agreement is signed by the Enrollee and the Provider that details the service and the amount to be paid by the Enrollee.

(C) For services covered by Medicaid but not covered under the Contract (carved out services), the Provider must follow the Department's FFS policy for billing and shall not bill the Enrollee for Medicaid-covered services.

(D) The Provider may bill the Enrollee for disputed services continued during the Appeal process if the requirements of Article 8.4.9(B) of this attachment and 42 CFR § 431.230(b) are met.

10.5.3 Criminal Penalties

Criminal penalties shall be imposed on Providers, as authorized under Section 1128B(d)(1) of the Social Security Act, if the Provider knowingly and willfully charges an Enrollee at a rate other than those allowed under this Contract.

10.6 EPSDT Requirements

10.6.1 General EPSDT Requirements

The Contractor shall provide to EPSDT Enrollees Medically Necessary Covered Services and all other services required under 42 USC 1396d(r), and shall have a process in place through which EPSDT Enrollees may request these services.

Article 11: Payments

11.1 General Payment Provisions

11.1.1 Risk Contract

This Contract is a Risk Contract.

11.1.2 Payment Methodology

The payment methodology is described in Attachment E.

11.1.3 Contract Maximum

In no event shall the aggregate amount of payments to the Contractor exceed the Contract maximum amount. If payments to the Contractor approach or exceed the Contract amount before the renewal date of the Contract, the Department shall make a good faith effort to execute a Contract amendment to increase the Contract amount within 30 calendar days of the date the Contract amount is exceeded.

11.1.4 Payment Recoupment

(A) The Department shall recoup any payment paid to the Contractor which was paid in error. Such error may include human or mechanical error on either part of the Contractor or the Department. Errors can include, but are not limited to, lack of eligibility or computer error.

(B) If the Contractor disagrees with the Department's determination that a payment was made in error, the Contractor may request an administrative hearing within 30 calendar days of the Department's recoupment of the Overpayment.

11.1.5 Overpayments

(A) The Contractor shall have written policies and procedures that specify:

(1) that the Contractor shall report to the Department within 60 calendar days when it or any Subcontractor has identified Capitation Payments or other payments in excess of amounts specified in the Contract;

(2) the retention policies for the treatment of recoveries of all Overpayments from the Contractor to a Provider, including specifically the retention policies for the treatment of recoveries of Overpayments due to Fraud, Waste, or Abuse;

(3) the process, timeframes, and documentation required for reporting to the Department the recovery of Overpayments; and

(4) the process, timeframes, and documentation required for payment to the Department of recoveries of Overpayments in situations where the Contractor is not permitted to retain some or all of the recoveries of Overpayments.

(B) The Contractor shall have and use a mechanism for a Provider to report to the Contractor when it has received an Overpayment, to return the Overpayment to the Contractor within 60 calendar days after the date on which the Overpayment was identified, and to notify the Contractor in writing of the reason for the Overpayment.

(C) The Contractor shall submit to the Department a quarterly report of Overpayments and recoveries within the timeframes specified by the

Department. The report shall be in a Department-specified format. The Contractor shall also submit copies of the reports to the Utah OIG (mpi-@utah.gov) of Fraud, Waste, or Abuse-related Overpayments.

11.1.6 Recovery and Retention of Overpayments, Generally

The Contractor may collect and retain Overpayments from Providers. If Overpayments are related to Fraud, Waste, or Abuse, then Article 11.1.7 and Article 11.1.8 of this attachment apply.

11.1.7 Collection and Retention of Overpayments Related to Fraud, Waste, or Abuse

The Contractor may collect and retain Overpayments it recovers during the Recovery Period.

11.1.8 Referral to the Utah OIG of Overpayments Related to Fraud, Waste, or Abuse

(A) When the 12 months of the Recovery Period have ended and the Contractor has not recovered any Overpayments from the Provider, or has ceased collecting Overpayments from the Provider, the Contractor shall refer the Overpayment to the Utah OIG. The Contractor shall retain any Overpayments it has recovered. The Utah OIG will retain its Overpayment recoveries.

(B) If the Contractor has been collecting Overpayments from the Provider during the 12 months of the Recovery Period, the Contractor may continue to recover Overpayments from the Provider after the 12 months of the Recovery Period. If at any time after the twelfth month of the Recovery Period the Contractor determines it will be unable to continue collection, the Contractor shall refer the Overpayment to the Utah OIG. The Contractor shall retain any Overpayments it has recovered. The Utah OIG will retain its Overpayment recoveries.

(C) If the Contractor chooses not to pursue any Overpayment recoveries from a Provider, the Contractor shall refer the Overpayment to the Utah OIG. The Utah OIG will retain its Overpayment recoveries.

(D) If the Utah OIG identifies an unreported Overpayment, the Utah OIG will coordinate with the Contractor and may pursue collection of the Overpayment. The Utah OIG will retain its Overpayment recoveries.

(E) The Contractor shall correct Encounter Data related to Overpayments in accordance with Article 12.4.1 of this attachment.

11.1.9 Program or Activity No Longer Authorized by Law

Should any part of the scope of work under this Contract relate to a state program that is no longer authorized by law (e.g., which has been vacated by a court of law, or for which CMS has withdrawn federal authority, or which is the subject of a legislative repeal), the Contractor must do no work on that part after the effective date of the loss of program authority. The Department must adjust Capitation Payments to remove costs that are specific to any program or activity that is no longer authorized by law. If the Contractor works on a program or activity no longer authorized by law after the date the legal authority for the work ends, the Contractor will not be paid for that work. If the Department paid the Contractor in advance to work on a no-longer-authorized program or activity and under the terms of this contract the work was to be performed after the date the legal authority ended, the Capitation Payment for that work should be returned to the Department. However, if the Contractor worked on a program or activity prior to the date legal authority ended for that program or activity, and the Department included the cost of performing that work in its Capitation Payments to the Contractor, the Contractor may keep the Capitation Payment for that work even if the payment was made after the date the program or activity lost legal authority.

11.1.10 Prohibition on Balance Billing

The Contractor shall ensure its Network Providers will not Balance Bill the Enrollee. The reimbursement from the Contractor, plus copayments, deductibles and/or coinsurance shall be payment in full.

11.2 Third Party Liability and Coordination of Benefits

11.2.1 Recovery of Third Party Liability, Generally

(A) The Contractor shall make reasonable efforts to pursue the recovery of TPL for Covered Services provided to Enrollees. To assist the Contractor, the Department shall include on the Enrollee Eligibility Transmission other known Third Parties available to each Enrollee.

(B) In the event that the Contractor collects TPL on a Claim after the Encounter Data has been submitted to the Department, the Contractor shall submit corrected Encounter Data to accurately reflect the TPL collection.

11.2.2 Policies and Procedures for Third Party Liability Recovery

The Contractor shall develop policies and procedures describing how it will conduct TPL recovery. Such policies and procedures shall be consistent with the requirements of 42 U.S.C. § 1396(A)(25) and 42 CFR § 433 subpart D. The policies and procedures shall contain:

- (1) procedures and mechanisms to identify potentially liable Third Parties. Procedures and mechanisms shall include, at a minimum, verification of any Third Party coverage at the time of service. When Enrollees obtain Covered Services from Providers not employed by the Contractor, the Contractor may delegate the Third Party verifications to Providers;
- (2) procedures and mechanisms to identify the amount owed by a Third Party;
- (3) procedures and mechanisms for recovery of Third Party payments; and
- (4) procedures and mechanisms to report to the ORS any Third Party discrepancies identified within 30 business days of receipt of the Eligibility Transmission. The Contractor's report shall include a listing of Enrollees that the Contractor has independently identified as having another Third Party, including when an Enrollee's parent has an order of duty to provide medical support. The Contractor shall report changes to ORS either by email (TPLChanges@utah.gov) or by fax (801-536-8912).

11.2.3 Cost Avoidance and Pay and Chase

(A) The Contractor shall use reasonable efforts to evaluate the probable existence of TPL. Probable existence of TPL exists where:

- (1) the Contractor or Provider has confirmed that there was Third Party coverage in effect on the Enrollee's date of service; and
- (2) the Contractor or Provider has determined that the Third Party will likely cover the service.

(B) Except as otherwise provided in Article 11.2.3(C) of this attachment, if the Contractor has established the probable existence of TPL, the Contractor shall, if providing services directly, seek payment from the Third Party, or at the time a

Provider files a Claim with the Contractor, the Contractor must reject the Claim and return it to the Provider for a determination of the amount of liability.

(1) The establishment of TPL takes place when the Contractor receives confirmation from the Provider or a Third Party resource indicating the extent of TPL.

(2) In accordance with 42 CFR § 433.139, when the amount of liability is determined, the Contractor shall pay the Provider the lesser of the Medicaid fee schedule and the contracted amount between the Third Party and the Provider.

(C) In the following situations, the Contractor must pay the Provider's Claim first and then seek reimbursement from the liable Third Party if:

(1) the Claim is for an EPSDT Enrollee (including preventative pediatric services), and is covered under the State Plan; or

(2) the Claim is for a service covered under the State Plan that is provided to an individual on whose behalf child support enforcement is being carried out by the state IV-D agency. In this instance the Contractor shall pay the Provider if the Provider has certified to Contractor the provider has billed a Third Party, and the Provider has waited 100 days from the date of the service and has not received payment from the Third Party.

(D) If the probable existence of TPL cannot be established or Third Party benefits are not available to pay the Enrollee's medical expenses at the time a Claim is filed by a Network Provider, the Contractor must pay the full amount allowed under the Contractor's payment schedule, or at the time a Claim is filed by a Non-Network Provider that has a payment agreement with the Contractor, the Contractor must pay the pre-negotiated rate.

(E) If the Contractor or Provider learns of the existence of a liable Third Party after the Contractor has provided a service or after a Provider's Claim is paid, or benefits become available from a Third Party after the Contractor has provided a service or has paid a Claim, the Contractor or Provider, as applicable, must seek recovery of reimbursement within 60 days after the end of the month it learns of the existence of the liable Third Party or benefits become available. If the Provider obtains the payment from the Third Party, the Contractor shall recoup the payment from the Provider.

(F) The Contractor shall retain any payment it receives from TPL. Unless Article 11.2.3(E) of this attachment applies, the Provider shall retain any payment it receives stemming from TPL.

(G) Recovery is not required when a Claim is \$100 or less or \$300 or less for cumulative Claims.

(H) The Contractor shall report TPL payments in the Encounter Data that are submitted to the Department.

11.2.4 Third Party Liability and Access to Care

(A) The Contractor shall not require an Enrollee to obtain Covered Services from a Provider solely on the basis that the Provider is on the Third Party's provider panel.

(B) The Contractor shall pay Claims for Covered Services obtained by an Enrollee from a Provider when the Provider is not on the Third Party's provider panel and the Contractor has determined that the Enrollee should receive Covered Services from the Provider to ensure access to appropriate care.

11.2.5 Third Party Liability Exemptions

(A) The Contractor shall not apply the TPL cost avoidance procedures outlined in Article 11.2.3(B) of this attachment to Claims for Covered Services that Third Parties generally do not cover:

- (1) targeted case management for individuals with serious mental illness; or
- (2) Covered Services coded with Healthcare Common Procedure Coding System (HCPCS) H codes, unless (B) below applies.

(B) The Contractor shall apply TPL cost avoidance procedures outlined in Article 11.2.3(C) of this attachment to substance use disorder and mental health residential treatment services billed as per diem services, unless Article 11.2.3(C) of this attachment applies.

11.3 Contractor's Payment Responsibilities

11.3.1 Covered Services Received Outside Contractor's Network but Paid by the Contractor

The Contractor shall not be required to pay for Covered Services when the Enrollee receives the services from sources outside the Contractor's network, which were not arranged for and not authorized by the Contractor except for:

- (1) Emergency Services;
- (2) court ordered services that are Covered Services defined in Attachment C;
- (3) cases where the Enrollee demonstrates that such services are Medically Necessary Covered Services and were unavailable from the Contractor's Network Providers; and
- (4) Covered Services which an Enrollee has obtained from a Non-Network Provider for purposes of utilizing the Enrollee's TPL.

11.3.2 Payment to Non-Network Providers

The Contractor shall reimburse Non-Network Providers for Emergency Services, and unless there is a negotiated arrangement, payment shall not exceed the lower of the following rates applicable at the time the services were rendered to an Enrollee:

- (1) the usual and customary charges made to the general public by the Provider;
- (2) the rate equal to the applicable Medicaid FFS rate; or
- (3) the rate agreed to by the Contractor and the Provider.

11.3.3 Payment of Covered Services Due to Retroactive Coverage Due to Change in Program Type

If a Medicaid Member was enrolled in a different MCE and their eligibility program type is changed retroactively to another eligibility program type and is then retroactively enrolled with the Contractor, the Contractor shall be responsible to reimburse Providers for Covered Services provided in the retroactive period and shall not impose Service Authorization requirements. This provision does not

prohibit the Contractor from validating Medical Necessity for ongoing or future services.

11.3.4 Covered Services that are Not the Contractor's Responsibility

(A) The Contractor shall not be required to provide, arrange for, or pay for Covered Services to Enrollees whose illness or injury results directly from a catastrophic occurrence or disaster, including, but not limited to earthquakes or acts of war. The effective date of excluding such Covered Services shall be the date specified by the federal government or the State of Utah that a federal or State emergency exists or disaster has occurred.

(B) The Contractor shall not be required to pay for Covered Services provided by IHCPs. Such services shall be paid by the Department.

(C) In accordance with Article 5.3.9 of this attachment, Enrollees may choose to seek Covered Services from an FQHC. The Contractor shall not be required to pay for Covered Services provided by FQHCs. Such services shall be paid by the Department.

(D) The Contractor shall not be responsible for payment of Crossover Claims. Such Claims shall be paid by the Department.

11.4 Enrollee Transitions between Managed Care Entities or Fee for Service

The Contractor shall implement a transition of care policy that is consistent with federal requirements and at least meets the Department-defined transition of care policy described in Article 11.4 of this attachment.

11.4.2 Transitions During Inpatient Hospital Psychiatric Stays

(A) When an Enrollee is in an inpatient hospital setting and becomes enrolled in a different MCE or FFS any time prior to discharge from the hospital, the Contractor is financially responsible for the entire hospital stay, including all services related to the hospital stay until discharged.

(B) The Contractor shall not be responsible for an inpatient hospital stay when a Medicaid Member is not an Enrollee at the time of admission to the hospital and

becomes an Enrollee during the hospital stay. The entity in which the Medicaid Member was enrolled at admission to the hospital is responsible for the entire hospital stay, including all services related to the stay until the patient is discharged.

(C) When an Enrollee is in an inpatient hospital setting and becomes ineligible for Medicaid any time prior to discharge from the hospital, the Contractor is financially responsible for the inpatient hospital stay only for the period of Medicaid eligibility.

(D) When an Enrollee in an inpatient hospital setting loses eligibility and then later becomes eligible retroactively for Medicaid, without a break in Medicaid coverage, then the Contractor is financially responsible for the inpatient hospital stay.

(E) If an Enrollee is no longer Medicaid-eligible due to incarceration and is admitted for an inpatient hospital stay during the incarceration period, the Contractor is not financially responsible for the inpatient hospital stay.

11.4.3 Transition of Services for Adult Expansion Population Enrollees

If this Contract covers Adult Expansion Population Enrollees, for outpatient Covered Services other than substance use disorder treatment in a licensed substance use disorder residential treatment program and mental health treatment in licensed mental health residential treatment programs, if these Enrollees were receiving outpatient Covered Services from Non-Network Providers through FFS or a UMIC Plan prior to enrollment with the Contractor, the Contractor shall reimburse the Non-Network Providers for continued outpatient Covered Services for 90 calendar days from the date of enrollment with the Contractor, unless the Enrollee chooses to transition to a Network Provider before the 90 calendar days have expired.

11.4.4 Service Authorization for Licensed Substance Use Disorder and Licensed Mental Health Residential Treatment Programs

(A) When the Contractor has authorized treatment for an Enrollee in a residential treatment program and the Enrollee becomes enrolled in a different MCE or FFS any time prior to discharge from the program, the Contractor shall be financially responsible for the treatment only until the Enrollee becomes enrolled in a different MCE or FFS.

(B) When another MCE or the Department has authorized treatment for a Medicaid Member in a residential treatment program, and the individual becomes enrolled with the Contractor, the Contractor shall reimburse the Provider for the remainder of the Service Authorization given by the MCE or the Department, or until the Enrollee is discharged from the Provider's program, whichever occurs first.

(C) When an Enrollee has had a Third Party and that coverage terminates, and if the Contractor has not previously provided a Service Authorization, the Contractor shall allow a Provider to submit a Service Authorization Request for Covered Services dating back to the first date of service for which the Enrollee no longer had a Third Party and shall pay for the remainder of the treatment episode as long as the treatment remains Medically Necessary.

(D) In accordance with Utah's Medicaid Reform 1115 Demonstration, if a Provider is a licensed mental health residential treatment program that is an IMD, all days for which the Contractor makes reimbursement count toward the 60-calendar day limit specified in Attachment E. This includes days for which the Contractor is the only payer and days for which the Contractor is the secondary payer to a Third Party's payment.

11.4.5 Provision of Medical Information to the Department or Other Managed Care Entities

(A) When an Enrollee is transitioned from the Contractor to FFS or from FFS to the Contractor, the Contractor or the Department as applicable shall, upon a written request, submit the requested information up to five years after disenrollment.

(B) When an Enrollee is transitioned from the Contractor to another MCE, the Contractor shall, upon a written request from the Enrollee's new MCE, submit the requested information up to five years after disenrollment.

(E) Shared expenses, including expenses under the terms of a management contract, must be apportioned pro rata to the contract incurring the expense.

(F) Expenses that relate solely to the operation of a reporting entity, such as personnel costs associated with the adjusting and paying of Claims, must be borne solely by the reporting entity and are not to be apportioned to the other entities.

(G) The MLR calculation will only include shared savings payments, profit sharing payments, etc. where:

(1) the payments require Network Providers to improve their performance on clinical or quality improvement standards or metrics;

(2) the performance period aligns with the MLR reporting period;

(3) the Network Provider Agreements outlining the payments are signed before the start of the performance period; and

(4) the payments are not directly or indirectly based on the PMHP's MLR or profitability, as determined by the Department.

12.5.3 Medical Loss Ratio, Credibility Adjustment

- (A) The Contractor may add a credibility adjustment to a calculated MLR if the MLR reporting year experience is partially credible.
- (B) The credibility adjustment is added to the reported MLR calculation before calculating any remittances, if required by the Department.
